In the Matter of Broadcast Localism (MB Docket No. 04-233)

Dear Chairman Martin:

In the wake of the recent news that the Federal Communications Commission is considering a radical re-regulation of our nation's broadcast system in the pending localism proceeding to reverse deregulatory progress, I ask you to reconsider based on our existing comprehensive programming of public affairs and community awareness.

Clear Channel Radio Houston reaches nearly 4 million listeners (6+) a week through our eight stations, 740 KTRH-AM, 790 KBME-AM, 950 KPRC-AM, 93.7 KKRW-FM, 94.5 KTBZ-FM, 95.6 KHMx-FM, 99.1 KODA-FM, and 101.1 KLOL-FM. These stations regularly participate in community events, air public service announcements, have weekly public affairs programming, as well as give web visibility in our community calendars and events pages to such organizations for exposure.

In the last year, we have donated over \$2.98 million dollars towards public service announcements, public affairs programming, community events through radio station promotions, as well as station website support. We address topics such as education, volunteerism, health education, the environment, crime, cultural diversity, family and parenting. We participate and support countless events such as the Susan Komen Race for the Cure, MS 150, Children's Festival benefiting Child Advocates, Gulf Coast Regional Blood Center Blood Drives four times a year, AIDS Walk, Adopt A Beach Gulf Coast Clean Up and so many more.

We understand as broadcasters that we have a responsibility to serve the community, and not a day goes by that we do not inform and increase awareness to issues and topics that matter to the people who live in our city. On behalf of Clear Channel Radio Houston and other broadcasters nationwide, I urge the commission not to impose any additional rules that will create unnecessary obstructions, or slow down our ability to provide valuable and worthwhile community service.

Thank you,

Washington, DC 20036

Dear Chairman Martin and Commissioners Copps, Adelstein, Tate and
McDowell:

On behalf of Second Harvest Food Bank of Middle Tennessee, I am
writing in support of WNRQ-FM and its commitment to supporting our
mission of feeding hungry people and working to solve the issues of
hunger in our community.

Second Harvest relies heavily on food drives to sustain our feeding
programs which annually serve over 600,000 individuals throughout our
46 county service area. WNRQ is a high profile radio station in our
market and commands the attention of a lot of listeners. Over the years,
WNRQ has very generously leveraged their on-air talent and resources in
an effort to promote food drives and raise the awareness of hunger.

WNRQ has been the primary media partner for promoting very successful
food drive events such as *Hammer Out Hunger* and *Volunteer You Cans
and Sack Hunger* which have collected thousands of pounds of critically
needed food for our Emergency Food Box program

We are very grateful to have the support and commitment from WNRQ-
FM in helping Second Harvest meet its mission of feeding hungry people.

Sincerely,

Matthew Bourlakas
Chief Operating Officer

Re: In the Matter of Broadcast Localism (MB Docket No. 04-233)

Dear Chairman Martin,

I am writing in support of Clear Channel Radio Jackson and to commend them for their active support of Mississippi Children's Home Services. For the past four years, WMSI - Miss 103, WQJQ - Q105.1, WSTZ - Z106.7, WHLH - 95.5 Hallelujah FM, WJDX - The Score 620 and WZRZ - NewsPlus 1590 have proven their commitment as an extraordinary community partner and promotional supporter. Through their generosity, they have been active advocates for over 10,000 troubled and at-risk Mississippi children, youth and families we provide social and behavioral health services for each year.

The stations professionally and personally champion for our organization through several initiatives. Each year, Clear Channel Radio Jackson has been generous to us as corporate sponsors during our two largest fundraisers: the Mississippi Children's Home Services Dream Car Giveaway and the Mississippi Children's Home Services Wine Tasting and Silent Auction.

During these events, they provide invaluable PSA placements, provide pre-event ticket sales radio remotes, provide public affairs programming opportunities and assign on-air personalities to participate during the day of the events. During 2007, they offered to hold a live remote at Highland Village Mall in Jackson to sell pre-event Dream Car Giveaway tickets. This gesture generated a record amount of ticket sales and was a visual example of their willingness to go above and beyond to raise awareness and educate the public about the array of child welfare and behavioral health services provided to Mississippi's children, youth and families through our affiliates Mississippi Children's Home Society and CARES Center, Inc.

All the stations have made significant contributions to the success of both of our annual fundraising events. It's rewarding to know that Clear Channel Radio Jackson has been so instrumental in providing the listening public with the message of the positive difference we are making within our community. I strongly urge that your commission support their ability to continue this important service to the public. Thank you for your consideration.

Sincerely,

Christopher M. Cherney

RE: Broadcast Localism (MB Docket No. 04-233)

Dear Chairman Martin:

I am contacting you in regards to the recent news that the Federal Communications Commission is considering a radical re-regulation of our nation's broadcast system in the pending localism proceeding. Clear Channel Radio Richmond diligently ascertains community problems and showcases many community programs, further regulation is unnecessary and burdensome.

Clear Channel Radio in Richmond, Virginia reaches half a million listener's throughout the tri-cities on WRVQ-FM Q94, WRVA-AM 1140, WRNL-AM Sports Radio 910, WBTJ-FM 106.5 the Beat, WTVR-FM Lite 98, WRXL-FM XL 102, and VNN Virginia News Network. Each station plays an active role in supporting the local community.

Clear Channel Radio Richmond is dedicated to the needs of our local community. In 2007, Clear Channel aired over near half a million in airtime for public service announcements, political coverage, and public affairs programming of local issues. We have supported these initiatives with on-line advertising and streaming. We have served over 60 community education and minority initiatives that focus on key issues affecting the community (i.e. crime, health, safety, government, and education). Clear Channel donated to local charities such as Make-A-Wish Foundation raising \$79,358.55 during a radio-thon and donating nearly 30K of earning from annual Chili Cook Off.

Clear Channel Radio Richmond Virginia reaches out to Community Leaders on a regular basis with our Community Leader Survey which helps us determine our Community Affairs programming. Below is a list from just some of our Community surveys, and most of these community leaders were then part of our weekly public affairs programming to discuss these problems and offer possible solutions. A record of the broadcast dates is in our public files, the dates below refer to dates on our community leader surveys. Note the depth and variety of community leaders approached for their take on community problems and needs, and the subject discussed. None of the programs

Clear Channel Richmond VA also presents a monthly "Ask the Governor" hour with VA Governor Tim Kaine every on the last Thursday of each month at 9 on WRVA Richmond. We believe that presenting this program in such a prime time demonstrates our commitment to local issues, and allows listeners to participate.

Clear Channel Richmond recognizes fully the importance of broadcasting in our community and is dedicated to supporting community in which we serve. I urge the Commission not to impose radical re-regulation that will create unnecessary burdens and impinge on our ability to continue providing valuable community broadcasting.

In the Matter of Broadcast Localism (MB Docket No. 04-223)

Dear Chairman Martin,

I am writing you today regarding the recent news that the Federal Communications Commission is considering a radical re-regulation of our nation's broadcast system in the pending localism proceeding. I understand that the Commission intends to reverse decades of deregulatory progress by imposing a series of new and burdensome regulations on broadcasters, and, I ask you to reconsider these actions.

Each week, Clear Channel Omaha's radio stations reach over 500,000 listeners throughout Nebraska, Iowa and Missouri on KFAB-AM, 'The Flagship of the Nebraska Cornhuskers,' KGOR-FM, 'Superhits 99.9,' KQBW-FM, 'The Brew - 96.1,' KXKT-FM, 'Omaha's Country Superstation KAT 103.7,' and KHUS-FM, 'Twister 93.3.' Each of our stations plays an active role in the community and each reviews involvement quarterly to assure that we remain current on the needs of our local communities.

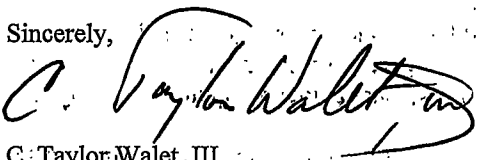

In 2007, just a few of the many local charities our stations helped included, The Open Door Mission, The Salvation Army, The ALS Foundation, Children's Miracle Network, Toys for Tots, Big Brothers/Big Sisters, The Omaha Food Bank, Family Support Center and The Child Saving Institute.

Clear Channel Omaha supported events and fundraising initiatives benefiting charities in our local community by airing in excess of \$900,000 in airtime for Public Service Announcements, public affairs, programming, promotions, and on-line support.

Our intern program develops youth opportunities and we actively support a scholarship program through the Nebraska Broadcaster's Association.

As broadcasters we recognize the important role we play in our community and we strive every day to build upon the foundation we have built over many years. I urge the Commission not to impose any rules that will create unnecessary burdens that potentially limit our ability to continue providing valuable community service.
